

SUPER HAPPY FUN TIMES

Thank you for enquiring about Sum Yung Guys for your upcoming event.

Here at SYG we have designed not only the menu, but also the dining room to highlight our spirit and passion for Asian cuisine and culture.

The food is an expression of everything we have come to love about the region and the cocktails have been developed to compliment. We have crafted a share style menu which suggests we encourage dining with friends, family and beyond. The dining room has been styled to capture the personalities of the 4 partners that share in this dream, it has a warmth and energy that resembles the food we put on each plate. Our dream is not only to have our food and beverages represent our passion for excellence, but also have our service exceed anyone's expectations in a casual environment.

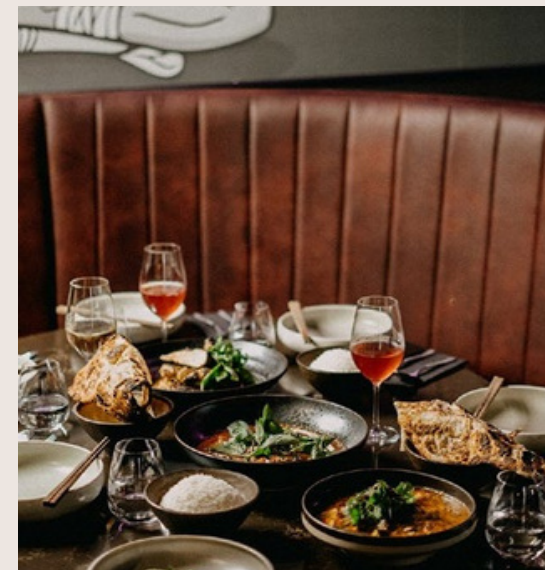

ETHOS

RESTAURANT

Our main dining room including the front deck is great for larger functions and can accommodate up to 110 guests seated or 130 standing. For bookings requiring sole use of the restaurant the food and beverage minimum spends below are required. Sole use bookings will close the restaurant to the public and open exclusively for your function, this will allow us to be

more flexible when it comes to seating, theming, music and so on, without the need to consider other diners. Our restaurant manager will be there to assist you with all these details of your event.
